## **MIAP – TRAINING SESSION BREVARD COUNTY FLORIDA 9/19/2018**

Today I met with five new volunteers that are from Brevard County, FL. MIAP-FL has been working with Donn Weaver and Chip Hanson to get a team together in this area. Both men are veterans and are very involved in the veterans' community in Brevard County, both wearing many hats at the same time.

I did a mini training session on researching funeral home records and Data Base entry to the following volunteers that are coming on board:

Donn Weaver  
Chip Hanson  
Leslie Beecher  
Dave Clayton (former FH Registrar)  
Linda Wilson

These volunteers are all very much involved with the Brevard County Veterans Council. All but one has signed up as a supporter and I have in hand their privacy statements that I will be forwarding to Charlie Warthling.

We will start working with Florida Memorial Funeral Home in Melbourne, FL. This FH has another location in Rockledge, FL. Per the Director, they possibly have 3,000 unclaimed cremains and they are willing and ready for us to start working with them.

We have a tentative date of Oct. 2, 2018 to go to the Melbourne, FL location which is where the files are kept and start working. I will be joining this MIAP Brevard County Team to instruct & assist all on how research is done. I will continue to work with them until they all feel comfortable to continue on their own.

Respectfully Submitted,

Kathy Church  
MIAP – FL St Coordinator
