“You Are Not Alone”

We heard you had no family
That could be with you today,
To remember you and pray for you
On this very solemn day.

So we will be your family
Not because we share your names,
But because we're bound as veterans
Brothers and sisters just the same.

You were among the missing
Until you were found at last,
Now we stand as one to honor you
Our veterans who have passed.

We bow our heads and say a prayer
It's the least that we can do,
Sleep knowing you were remembered
By your country and our crew.

Our flag has draped your caskets
And Taps has just been blown,
So rest in peace dear comrades
And know you are not alone.

Respectfully Submitted,
Charlie Tritto, Assistant State Coordinator
