**MIAP Experience
Familiarization**

**National Memorial Cemetery at Quantico
28 October 2023**

On 28 October 2023, a familiarization tour of the National Memorial Cemetery at Quantico (formerly known as Quantico National Cemetery) was provided to Paula of the American Tour Guide Association. The American Tour Guide Association represents tour group agencies from schools, senior centers, etc. The tour was as coordinated through the Prince William County Office of Tourism, VA. The focus of this tour was on the Missing In America Project and the veterans and spouses MIAP has interred there.

During the tour of the cemetery, pertinent information about the cemetery and those people that are interred was provided. Upon arriving at Section 22 of the cemetery, Paula and I posted American flags at MIAP grave sites.

Paula voiced her whole-hearted approval in including the MIAP Experience in their tours of the National Memorial Cemetery at Quantico by the American Tour Guide Association.

**Respectfully submitted,
Forrest Lingenfelter, Virginia State Coordinator
