This is an announcement from a dear friend of mine. She cares for my Missing In America Project Unclaimed Veterans and also conducts burial services for Homeless Veterans in our community. It is an incredible task that she selflessly provides.

I would invite anyone with a few moments to join us to ensure these two men are not alone on that Final Day. I hope to see you all there. You will not leave with your heart and soul untouched. Please share this post. All are welcome.

On a personal note, I have been asked to receive the burial flag for Mr. Barnett because of my work for the Missing In America Project. I am honored to be gifted this wonderful moment and will share it with my fellow members of the Preskey's Gas Holes Car Club who have been beside me caring for the 80+ veterans we have adopted as our own. It is the Right Thing To Do.
